

TRANSFORM & TRANSCEND:

Introducing advanced aestheticist Dr Tony Tanious to The Skin Lab team.

If you've had the pleasure of stepping through Morris Towers and into The Skin Lab's busy and bustling space of doctor-led medical skin health professionals, you'll know that they are passionate about achieving healthy skin no matter your goal. Led by the inspiring and endlessly knowledgeable Dr Heather Jenkins, facials, skin checks, peels, medical-grade needling, IPL, injectables and dermal fillers are just a taste of what's on offer for you to achieve beautifully natural results. With this growing skin health menu, this means an even bigger team to help you on your skin journey. Practising medicine internationally for more than 10 years, Dr Tony Tanious has recently been welcomed to The Skin Lab team.

Having received his Doctorate of Medicine in 2006 with high honours from Saba University School of Medicine before practising in the U.S. and then moving to Australia in 2014, Dr Tanious received his fellowship in cosmetic medicine from the Australasian College of Cosmetic Surgery and Medicine. Currently, he specialises in advanced facial aesthetics providing patients with a customised specific treatment plan, uniquely tailored to each individual to

create a very natural and youthful result.

"For the last 15 years, I have been searching for a cosmetic physician, a like-minded doctor, whose aesthetic and skills I trusted enough to work on my patients and myself. I am excited to announce that our long search has proven successful, and Dr Tony Tanious will be joining our team at The Skin Lab," says Dr Heather. As an advocate for advanced aesthetics, Dr Tanious is passionate about beauty and art. Fusing the two together creates his beautiful work and each client receives bespoke treatments to create a natural look. "His work is incredibly detailed and precise, and we are delighted that he has joined the team. His work with dermal fillers is elegant and transformative and we will continue to share more of his before and after photos over our social channels, so keep an eye out," says Dr Heather.

CONSULTATIONS FOR ANTIWRINKLE INJECTIONS, DERMAL FILLER AND THREADS LIFTS CAN BE BOOKED ONLINE OR PHONE FOR A FREE CONSULTATION WITH DR TANIOUS TO CREATE YOUR CUSTOMISED TREATMENT PLAN AND BEGIN YOUR JOURNEY.
